

# Infrastructure Financing and Public-Private Partnerships (PPP) Network of Asia and the Pacific

## Network Objectives

Since the establishment in 2018, the Infrastructure Financing and PPP Network of Asia and the Pacific provides policy and technical support on PPP and support its member States in their infrastructure financing efforts.

This platform aims at facilitating countries to develop infrastructure financing strategies and PPP projects that contribute to regional connectivity and sustainable development by (i) helping countries gain a better understanding of PPP concepts and alternative financing mechanism, (ii) assisting in developing infrastructure regulatory frameworks, implement sustainable and resilient infrastructure policies, and showcase demonstration projects, and (iii) bridging Asia-Pacific countries and global investors.

**53** Member States from Asia, the Pacific, Africa, the Middle East, Europe, North America

## ESCAP Advantages

## Network Events

### Regional Network Meeting

- **Schedule:** Bi-annual
- **Focus:** Member states updates; projects showcase; site visit; project matchmaking session; networking.

### Thematic Workshop

- **Schedule:** Bi-annual
- **Focus:** Country and sector-specific discussions; thematic case study; interactive sessions.

### Technical Training Series

- **Schedule:** On demand
- **Focus:** Technical support on preparing and implementing sustainable infrastructure projects

## Technical Assistance

Based upon member States' requests, the Network works directly with the Governments of Bhutan, India, Kyrgyzstan, Mongolia, Papua New Guinea, Sri Lanka, and Tajikistan to strengthen PPP capacity and develop infrastructure financing knowledge products.

## Timeline

2018

- 1<sup>st</sup> Regional Network Meeting, September (China)
- Facilitate signing of a MoU between Tajikistan - China

2019

- 2<sup>nd</sup> Regional Network Meeting, August (The Philippines)
- 3<sup>rd</sup> Regional Network Meeting, September (China)
- Facilitate signing of three MoU: Kazakhstan-Philippines, Kazakhstan-China, China-Russia

2020

- Workshop on InfraPPPnet Web Portal, September
- 4<sup>th</sup> Regional Network Meeting, October
- 1<sup>st</sup> Thematic Workshop, December

2021

- 2<sup>nd</sup> Thematic Workshop, March
- 5<sup>th</sup> Regional Network Meeting, June
- 3<sup>rd</sup> Thematic workshop, September
- 6<sup>th</sup> Regional Network Meeting, December

2022

- Technical Training to India, January
- 4<sup>th</sup> Thematic Workshop, May
- 7<sup>th</sup> Regional Network Meeting, June (Hybrid, Thailand)
- Roadshow to Singapore, July
- 5<sup>th</sup> Thematic workshop, August
- Roadshow to Türkiye, September

2023

- 8<sup>th</sup> Regional Network Meeting, Jan (Istanbul, Türkiye)
- 9<sup>th</sup> Regional Network Meeting, TBC

## InfraPPPnet

The InfraPPPnet web portal is a web-based information sharing resource, which consolidates and disseminates information on PPP institutions, knowledge products, commercially viable project pipelines, and market environment in the region.

### Objectives

Project matchmaking; exchange knowledge and project pipeline

### Projects

68 infrastructure projects are submitted across 12 sectors

### Investment

The total investment value of the projects reached over \$4.5 trillion

## Knowledge Products

*Infrastructure Financing for Sustainable Development in Asia and the Pacific* proposes a new and holistic approach to infrastructure financing, which can accelerate sustainable and resilient infrastructure development and drives regional progress towards attaining the SDGs.

In collaboration with China PPP Center and inputs from the Asian Development Bank (ADB), the Network is developing a *Regional PPP guideline* with an emphasis on infrastructure and PPP project planning, risk identification and allocation in selected priority sectors.

### Call for Partnerships

To build this Network, we are seeking partners who can provide funding and/or expertise to further this initiative in the Asia-Pacific region and beyond. For any queries, please contact Ms. Tientip Subhanij [escap-infrappnet@un.org](mailto:escap-infrappnet@un.org)
